ROB SUMMERLIN
Owner
AC & Heat Solutions

“Our previous software provider made promises they didn’t keep so we knew we needed to switch. We chose FieldEdge because of their real-time QuickBooks integration, maintenance agreement management and most importantly, because they listen to our ideas and act upon them.”

AC & Heat Solutions

Based in Southlake, Texas, AC & Heat Solutions began as a refrigeration company in 1996. Over the years they transitioned into an HVAC company to expand their customer base.

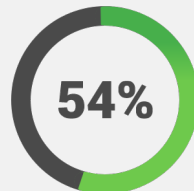

AC & Heat Solutions is a proud and active member of Service Roundtable and Service Nation Alliance

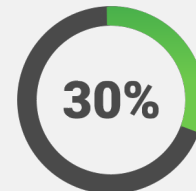

Owner, Rob Summerlin, takes pride in being able to help his customers and provide his employees a place to work and make a living

How Has FieldEdge Helped?

increase
in service
agreements

increase
in overall
revenue

Service Agreements

- With their previous software, AC & Heat Solutions missed half of their agreement appointments and would forget to bill their customers
- FieldEdge helped automate the scheduling and billing process for their agreement customers

QuickBooks Integration

- Their previous software did not integrate well with QuickBooks and caused double entry
- AC & Heat Solutions is now saving 5-6 hours a week with invoicing and processing payments
