

FieldEdge

Why FieldEdge?

FieldEdge is the #1 service management software to run your entire home service company. It combines a deep 40-year history with the latest technology to create a powerful yet easy to use system. Accessible from anywhere and updated in real-time, FieldEdge gives everyone on your team the information they need to succeed.

Office Staff

- ▶ Easily view the status of all work orders and techs on a single screen in real-time
- ▶ QuickBooks integration is automatic, including invoices created in the field
- ▶ See every customer's history and know when to schedule or bill service agreements

Technicians

- ▶ Invoice and collections flow back to QuickBooks from the field with one tap
- ▶ Quickly find customer's full work history including equipment details, job notes, and what needs to get done
- ▶ Increase sales with a fully customizable price-book and good-better-best options

Owners

- ▶ Track performance of techs and office staff all in one dashboard
- ▶ Tie marketing spend to actual sales revenue
- ▶ Get a running snapshot of your company's financials
